vii **Course Overview**

1 Unit 1: Introducing the Course

1 Lesson: Introducing the Course

3 Unit 2: Exploring the Candidate Experience

3 Lesson: Describing SAP SuccessFactors Recruiting

5 Unit 3: Formatting Job Data and Job Distribution

5 Lesson: Applying Job Data Leading Practices

5 Lesson: Mapping Recruiting Job Data

5 Lesson: Posting Jobs

5 Lesson: Applying Source Tracking

7 Unit 4: Exploring Career Site Builder

7 Lesson: Discovering Career Site Design Leading Practices

7 Lesson: Describing Career Site Builder

7 Lesson: Describing Career Site Page Types

7 Lesson: Describing CSB Page Components

8 Lesson: Describing Internal Career Site

9 Unit 5: Managing Career Site Builder

9	Lesson: Working in Career Site Builder
9	Lesson: Setting Up Roles and Permissions in Career Site Builder
9	Lesson: Renewing the SSL Certificate for your CSB site
9	Lesson: Updating Global Settings
10	Lesson: Configuring the Search Experience
10	Lesson: Viewing and Updating Site Configuration Information
10	Lesson: Updating Global Styles
10	Lesson: Working with Brands
10	Lesson: Updating the Home Pages
10	Lesson: Creating and Updating the Content Pages
11	Lesson: Creating and Updating Landing Pages
11	Lesson: Creating and Updating Category Pages
11	Lesson: Creating Headers and Footers
11	Lesson: Updating Job Layouts
11	Lesson: Entering Translations (System text)
11	Lesson: Creating Job Alert Email Template
11	Lesson: Importing and Exporting
12	Lesson: Localizing the Career Site Builder
12	Lesson: Working with Data Protection and Privacy Settings
12	Lesson: Deleting Unnecessary Functions

13 Unit 6: Managing Candidate Relationships

13	Lesson: Describing Candidate Relationship Management
13	Lesson: Creating Data Capture Forms
13	Lesson: Creating Talent Pools
14	Lesson: Creating Email Campaigns
14	Lesson: Reporting on Talent Pools and Email Campaigns
14	Lesson: Working with Activity Tracking & Dashboard

15 Unit 7: Introducing to Advanced Analytics

15	Lesson: Generating Reports in Advanced Analytics
15	Lesson: Implementing Advanced Analytics
15	Lesson: Describing Source Reports

Course Overview

TARGET AUDIENCE

This course is intended for the following audiences:

Lesson 1: Introducing the Course

Lesson Objectives

After completing this lesson, you will be able to:

- Describe the general information about the course

Lesson 1: Describing SAP SuccessFactors Recruiting

Lesson Objectives

After completing this lesson, you will be able to:

- Provide an overview of SAP SuccessFactors Recruiting
- Describe the elements that are included in the “Candidate Experience” part of the Recruiting solution
- List the elements that are included in the Standard Base Scope of the Statement of Work
- Describe the integration points across SAP SuccessFactors Recruiting
- Define terms related to SAP SuccessFactors Recruiting

Lesson 1: Applying Job Data Leading Practices

Lesson Objectives

After completing this lesson, you will be able to:

- Identify leading practices for job data
- Describe the uses of the Metadata Framework in SAP SuccessFactors
- Format job location and other job field information
- Describe some factors to be taken into consideration when configuring remote hiring
- Follow leading practices to ensure data consistency

Lesson 2: Mapping Recruiting Job Data

Lesson Objectives

After completing this lesson, you will be able to:

- Describe Real Time Job Sync and other job collection methods
- Follow leading practices for job data mapping for Real Time Job Sync

Lesson 3: Posting Jobs

Lesson Objectives

After completing this lesson, you will be able to:

- Work with your functional consultant on your job distribution options, such as Recruiting Posting and XML Feeds

Lesson 4: Applying Source Tracking

Lesson Objectives

After completing this lesson, you will be able to:

- Explain why it is important to add source tracking before manually posting jobs
- Populate the Site Source Editor
- Create Custom Campaign URLs

Lesson 1: Discovering Career Site Design Leading Practices

Lesson Objectives

After completing this lesson, you will be able to:

- Describe global website accessibility guidelines
- Use accessibility tools to test specific aspects of the career site
- Follow leading practices to populate metadata and alt text, create informative headings and links, and to ensure adequate contrast on your career site
- Describe factors that influence the user experience (usability)
- Ensure that the text on your CSB career site is legible, concise and easy to understand
- Choose images that support and enhance your career site
- Describe the leading practices used by SAP SuccessFactors to accomplish SEO

Lesson 2: Describing Career Site Builder

Lesson Objectives

After completing this lesson, you will be able to:

- Describe the features available with Career Site Builder
- Demonstrate how candidates use Mobile Apply on responsive CSB career sites
- Describe the advantages to candidates when Candidate Account Simplification is enabled
- Explain the difference between hosted vs. integrated career sites

Lesson 3: Describing Career Site Page Types

Lesson Objectives

After completing this lesson, you will be able to:

- List the standard inclusions for an CSB career site
- Describe what is typically included on each page type of an CSB career site

Lesson 4: Describing CSB Page Components

Lesson Objectives

After completing this lesson, you will be able to:

- Describe the available page components for CSB Career Sites

Lesson 5: Describing Internal Career Site

Lesson Objectives

After completing this lesson, you will be able to:

- List the prerequisites for configuring the Internal Career Site
- Describe how internals can access the Internal Career Site, search for jobs and view content

Lesson 1: Working in Career Site Builder

Lesson Objectives

After completing this lesson, you will be able to:

- Follow leading practices for updating a CSB Career Site
- Use versions and drafts when making updates in CSB

Lesson 2: Setting Up Roles and Permissions in Career Site Builder

Lesson Objectives

After completing this lesson, you will be able to:

- Add new users to Recruiter Single Sign On
- Set up role based permissions in CSB for users who will maintain the Career Site
- Enable SSL Security Renewal Reminders

Lesson 3: Renewing the SSL Certificate for your CSB site

Lesson Objectives

After completing this lesson, you will be able to:

- Complete the steps to obtain and install your SSL certificate
- Enable certificate renewal reminders

Lesson 4: Updating Global Settings

Lesson Objectives

After completing this lesson, you will be able to:

- Explain the use of a Site Kit in CSB, and why it should not be changed after the site has been developed
- Change site-wide settings such as fonts, picklist search fields, and social links in the footer
- Configure the cookie banner and cookie consent manager

Lesson 5: Configuring the Search Experience

Lesson Objectives

After completing this lesson, you will be able to:

- Configure the Search Experience

Lesson 6: Viewing and Updating Site Configuration Information

Lesson Objectives

After completing this lesson, you will be able to:

- View information about your site instance
- Update the customer's IDs for Google Tag Manager, Google Analytics, Google and Bing webmaster IDs
- Submit an updated Site Map, enter global site metadata, and enable Candidate Relationship Management
- Refine SEO settings

Lesson 7: Updating Global Styles

Lesson Objectives

After completing this lesson, you will be able to:

- Update the colors and background images used on CSB Sites

Lesson 8: Working with Brands

Lesson Objectives

After completing this lesson, you will be able to:

- Describe how brands are enabled

Lesson 9: Updating the Home Pages

Lesson Objectives

After completing this lesson, you will be able to:

- Update home pages for each active locale and brand

Lesson 10: Creating and Updating the Content Pages

Lesson Objectives

After completing this lesson, you will be able to:

- Add and update Content pages

Lesson 11: Creating and Updating Landing Pages

Lesson Objectives

After completing this lesson, you will be able to:

- Create and update Landing pages

Lesson 12: Creating and Updating Category Pages

Lesson Objectives

After completing this lesson, you will be able to:

- Create and update Category pages

Lesson 13: Creating Headers and Footers

Lesson Objectives

After completing this lesson, you will be able to:

- Create Headers and Footers

Lesson 14: Updating Job Layouts

Lesson Objectives

After completing this lesson, you will be able to:

- Configure and update Job Layouts in CSB

Lesson 15: Entering Translations (System text)

Lesson Objectives

After completing this lesson, you will be able to:

- Change system text for any enabled language

Lesson 16: Creating Job Alert Email Template

Lesson Objectives

After completing this lesson, you will be able to:

- Enable job alerts
- Configure the Job Alert Email Template

Lesson 17: Importing and Exporting

Lesson Objectives

After completing this lesson, you will be able to:

- Export CSB configurations from Stage and Import into Production

Lesson 18: Localizing the Career Site Builder

Lesson Objectives

After completing this lesson, you will be able to:

- Describe locales and locale configuration
- Enable locales in Recruiting
- Enter translations for enabled locales in Career Site Builder

Lesson 19: Working with Data Protection and Privacy Settings

Lesson Objectives

After completing this lesson, you will be able to:

- Enable the Content Security Policy
- Set conditions for the dynamic removal of users after a specified period of inactivity
- Generate Information Reports and Change Reports

Lesson 20: Deleting Unnecessary Functions

Lesson Objectives

After completing this lesson, you will be able to:

- Access the Functions Viewer and delete unnecessary functions

Lesson 1: Describing Candidate Relationship Management

Lesson Objectives

After completing this lesson, you will be able to:

- Describe several uses for Candidate Relationship Management
- List the prerequisites for enabling Candidate Relationship Management
- Enable Candidate Relationship Management and set user permissions
- Get started with Candidate Relationship Management by deciding how to organize candidates using talent pools

Lesson 2: Creating Data Capture Forms

Lesson Objectives

After completing this lesson, you will be able to:

- Describe how Data Capture Forms may be used and where the information is saved
- Create a Data Capture Form
- Create additional fields using the Candidate Profile Extension
- Enable the Country field and data privacy options on a Data Capture Form
- Associate a specific job alert to a Data Capture Form
- Add a Data Capture Form to a Landing Page
- Complete and Submit a Data Capture Form
- Enable existing candidates to complete a Data Capture Form

Lesson 3: Creating Talent Pools

Lesson Objectives

After completing this lesson, you will be able to:

- Describe the purpose of Talent Pools
- Create a Talent Pool Status Set
- Create a Talent Pool

- Share a Talent Pool
- Add Additional Attributes to a Talent Pool
- Add Candidates to a Talent Pool
- Manage Candidates in a Talent Pool

Lesson 4: Creating Email Campaigns

Lesson Objectives

After completing this lesson, you will be able to:

- Create an Email Layout
- Create an Email Campaign Content Template
- Create an Email Campaign and Add Recipients
- Create an Initial Consent Opt-in Email Campaign
- Send Email Campaigns and view results

Lesson 5: Reporting on Talent Pools and Email Campaigns

Lesson Objectives

After completing this lesson, you will be able to:

- Run Reports on Talent Pools and Email Campaigns

Lesson 6: Working with Activity Tracking & Dashboard

Lesson Objectives

After completing this lesson, you will be able to:

- Describe how staffing teams can use the Activity Feed
- Set permissions for admins and recruiting users
- Follow and unfollow candidates
- View candidate activity and set email notifications, if desired

Lesson 1: Generating Reports in Advanced Analytics

Lesson Objectives

After completing this lesson, you will be able to:

- Use Advanced Analytics to evaluate trends in source performance
- Generate full line-of-sight reports, and drill into details
- Apply use cases to analyze your own recruiting data
- Enable the desired columns for your reports, and describe what each measures
- Generate the other available report types
- Show trends using graphics, enable Advanced Options, and export the data to a spreadsheet

Lesson 2: Implementing Advanced Analytics

Lesson Objectives

After completing this lesson, you will be able to:

- Describe how Advanced Analytics is implemented, including mapping and updating candidate statuses
- Decide which fields you would like to report on
- Set user permissions for Advanced Analytics

Lesson 3: Describing Source Reports

Lesson Objectives

After completing this lesson, you will be able to:

- Use the Source Report to view Visitors, Subscribers, and Apply Starts
