

SAP Learning Hub

# SAP® Learning Hub: General User Guide

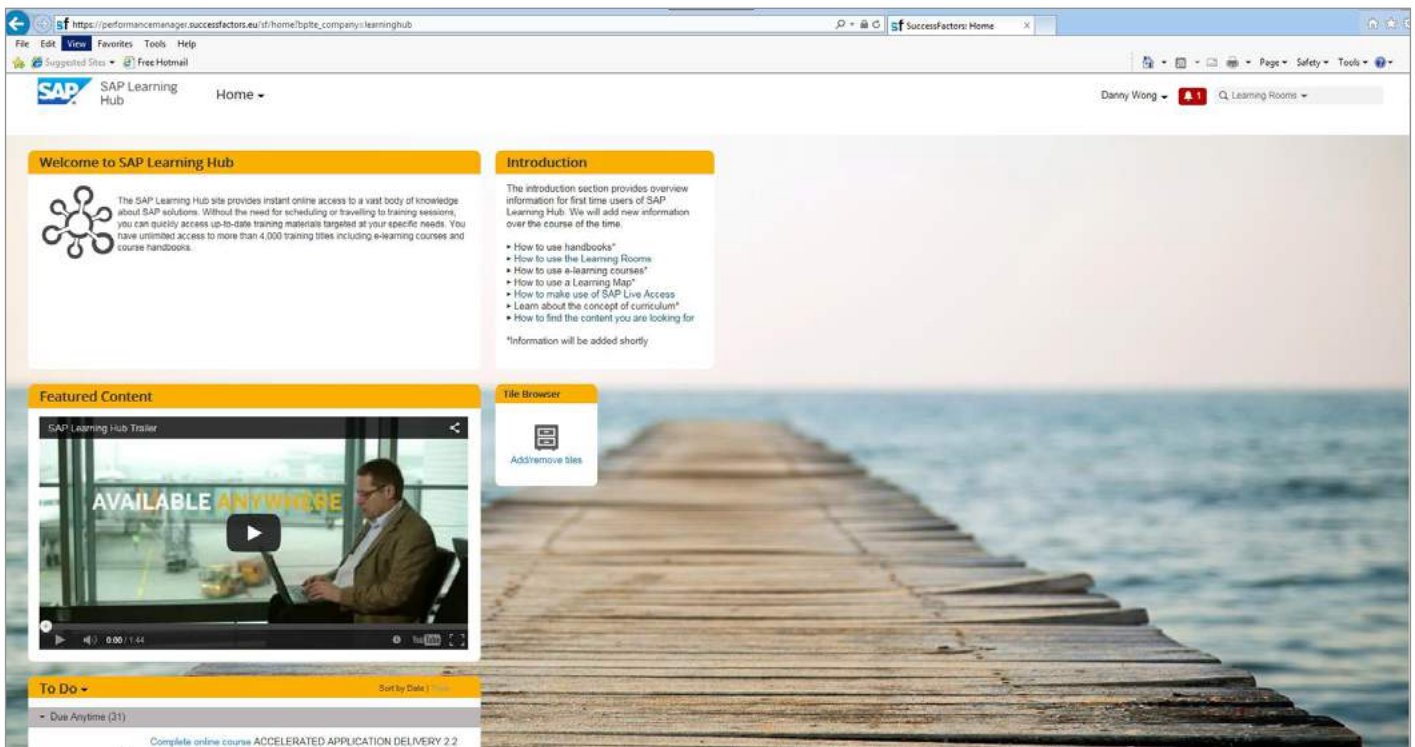

The Best-Run Businesses Run SAP®

SAP® Learning Hub is your one-stop site for learning more about SAP software, collaborating with your peers, and consulting with experts from SAP – anytime, anywhere. [Make the most of your subscription](#) to SAP Learning Hub by taking advantage of all the online learning courses, social learning and collaboration rooms, and resources the hub has to offer.

**GETTING STARTED WITH SAP LEARNING HUB**  
The best way to gain an understanding of how SAP Learning Hub operates and identify its core components is to start at the landing page for SAP Learning Hub.

The landing page provides information, videos, and guides on navigating in the hub, using search functionalities, choosing between different training delivery formats, and collaborating with other learners.

## NAVIGATING THROUGH SAP LEARNING HUB

You can navigate between the hub's different components by using the *Home* drop-down menu located at the top left corner of the page.

The drop-down menu includes three options:

- *Home* – Takes you back to the landing page
- *Learning Rooms* – Takes you to social learning and collaboration rooms
- *Learning Content* – Takes you to your training environments, where you can book and consume online courses and offerings

## USING LEARNING ROOMS

The SAP Education organization hosts learning rooms to provide a forum for learners to interact with SAP solution experts on various topics.

As a subscriber to SAP Learning Hub, you can network and connect with other users, attend live Webinars, and access additional content uploaded by the trainers in various learning rooms.

**ABAP for SAP HANA Learning Room**

Overview

Welcome to the ABAP for HANA Learning Room!

This room will provide you with a collaborative environment to help you work towards taking the ABAP for HANA specialist certification exam. Of course, if you don't plan to take the certification, but still wish to learn more about ABAP for HANA, then this room is for you too!

Where should you start? Take a look at the different Learning Modules below - in there you will find a mixture of Learning Hub content, plus extra materials related to each topic. These are the materials you should study to ensure you have the right knowledge for the certification exam. Got a question about anything? Then ask! Start a discussion, ask a question - this room is a collaborative environment designed to support you with your studies. And watch out soon for Live Information Sessions on certain important topics for the exam. Good luck with your learning!

Video Introduction by Christina Anandil, Online Instructor

**Learning Objectives:**

- The ABAP for HANA Certification room is intended to guide learners through the topic areas needed for the ABAP for HANA Specialist certification exam.
- With expert instructors on hand to answer any questions you have, appropriate self-study material, extra content on the most important topic areas, and live online sessions where you will have the chance to interact with an instructor and each other, this room is a great way to work towards certification.
- Please note - the content covered in this Learning Room is aimed at those already experienced in ABAP.

**Topics and Learning Materials in this Learning Room**

Modules	1. SAP HANA Basis and Technical Concepts	2. SAP HANA Studio and ABAP Development Tools	3. Installation of SAP HANA on ABAP Programming	4. Accessing SAP HANA using Native SQL and JDBC	5. SAP HANA Information Models and Database Procedures

## ACCESSING LEARNING CONTENT

The *Learning Content* section of the hub contains thousands of online learning courses and offerings from SAP Education, all available for subscribers to book and consume. The booking process is simple and does not require any workflows or authorization steps.

The entry screen consists of different tiles that provide an overview of the courses and curricula currently in your training plan, a *History* section, and a quick search option.

To access the *Catalog Search* page, click on the *Browse all courses* link in the *Find Courses* tile.

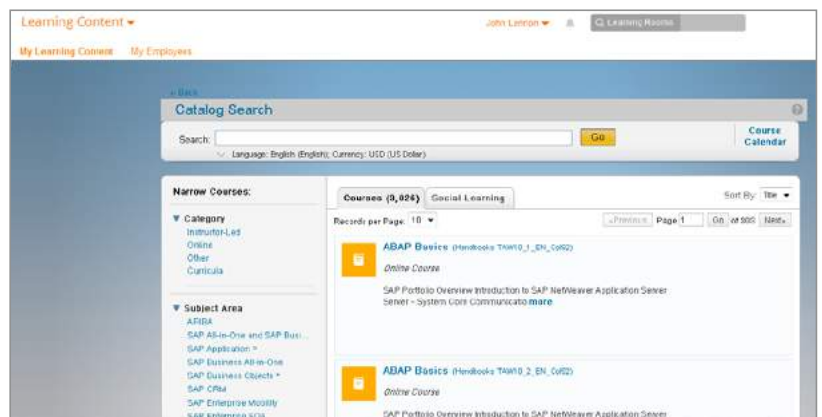

## Searching for Online Learning Courses

The *Catalog Search* page provides a number of filtering options related to the preferred solution, level, and delivery format of the different courses.

A free text search is also enabled, and the results can be further filtered by selecting from the options on the left side of the page.

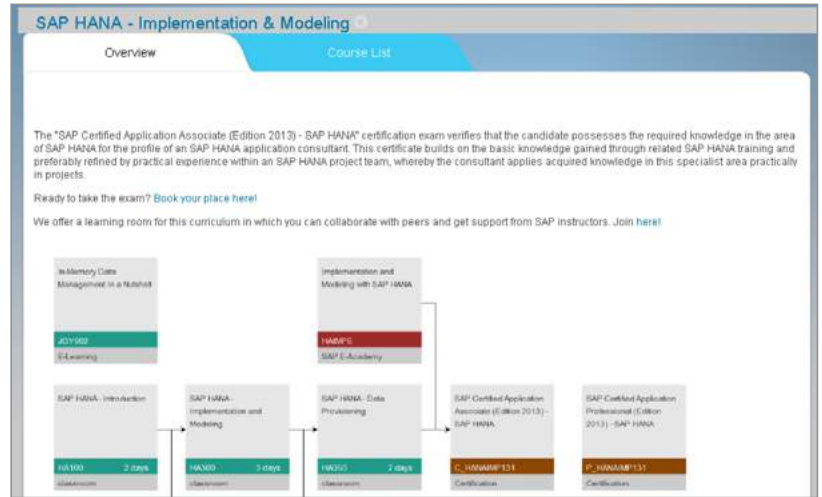

SAP Learning Hub offers multiple courses in various languages. You can identify and search for the applicable language by using the drop-down menu located directly under the *Search* field.

## Following Curriculum Paths

Curriculum paths are an important element of SAP Learning Hub. They visualize relationships between the relevant courses for different training paths. Courses attached to a curriculum can be added to a training plan with a single click. Dozens of prebuilt curricula are available, covering a range of topic areas, such as the SAP HANA® platform.
