

SAP Blended Learning Academy | Approach SAP S/4HANA on premise

- This is the approach and cadence for the SAP S/4HANA on premise tracks (Financial Accounting, Management Accounting, Manufacturing, Sourcing and Procurement and Sales) as well as for the SAP BW/4HANA track
- The general approach is the same for the SAP S/4HANA Cloud tracks, HANA Modeling, ABAP and SAP S/4HANA Development, but the duration and cadence is shorter (depending on the content of the Learning Journeys)
