How to tell if your course is a Learner's Choice offering. As shown below, you'll see two classes scheduled at the same time, one for the classroom and one for the virtual. The classroom session will be marked *Learner's Choice* in the location field to indicate it's an LC scheduled class; the virtual will be marked *LC Hybrid*.

The screenshot displays two course listings for the dates 31 Jul 2017 - 2 Aug 2017. The first listing is for a classroom session in Atlanta, marked as a 'Learner's Choice' offering. The second listing is for a 'Virtual Live Classroom' in the US, marked as an 'LC Hybrid' offering. Both listings show a price of \$2,010.00 (USD) and include 'Add to basket' and 'Add to wishlist' buttons. The text in the image explains that the 'Learner's Choice' label in the location field identifies the classroom session, while the 'LC Hybrid' label identifies the virtual session.
