

SAP S/4HANA Transition Days (WENS4T_23)

November 21-23, 2023

SAP Learning Class, virtual option

Conference language: English

SAP S/4HANA Transition Days

In order to adapt outdated systems to current and future market requirements, SAP S/4HANA offers you as an SAP customer a more flexible IT landscape - whether in the cloud, on-premise or hybrid.

Have you found your suitable conversion strategy to SAP S/4HANA? Or are you already involved in the conversion to SAP S/4HANA?

As part of SAP S/4HANA Transition Days, we provide the ideal platform for knowledge building and networking:

Our topics:

- What options are there for the transition in the first place?
- What happens to my data and existing processes?
- Which supporting tools and services can I use?
- Gain insights and best practices into the move to SAP S/4HANA from specific customer projects

Agenda – Tuesday, November 21, 2023
